

SAN FRANCISCO – FORT MASON CENTER WORKSHOP LOGISTICS

LOCATION

Fort Mason Center is located on the northern waterfront of San Francisco between Aquatic Park (near Fisherman's Wharf) and the Golden Gate Bridge.

<http://www.fortmason.org/aboutus/visitor-information/directions>

The workshop will be held in the Golden Gate Room, Building A.

ATTIRE

We suggest wearing layered, loose- fitting, casual clothing.

TRANSPORTATION SERVICES

Fort Mason is approximately 17 miles north of San Francisco International Airport (SFO), in San Francisco.

Airport Van Shuttle Services

For shuttle service *from* the airport (Arrivals), you can ride without a reservation. However, for shuttle service *to* the airport (Departures) you must make reservations 24 hours in advance. Allow a minimum of one hour for transportation (see our guidelines for airport departure times). Shuttles generally make several stops.

Bay Area Rapid Transit (BART)

<http://www.bart.gov/guide/airport/index.aspx>

BART SFO Extension is a convenient and inexpensive way to travel from the airport to downtown San Francisco. It is located on the Departures/Ticketing Level of the International Terminal Main Hall. The station also links to the Garage G Air Train stop, which provides an easy transfer to SFO's automated people-mover system for transportation to all terminals.

San Francisco Municipal Railway (MUNI)

San Francisco Municipal Transportation Agency

<http://www.sfmta.com/cms/home/sfmta.php>

MUNI operates San Francisco's bus and streetcar system and connects with BART and other regional transportation agencies. It is a good way to get around town. Note: the best feature of the MUNI website is "Plan a Trip"—bus routes, transfers, travel time, and map all in one.

ACCOMMODATIONS
